

March 2020

Dear Goodyear Retiree Health Care Plan Participant:

We are writing to advise you regarding a change in your Plan coverage. This change applies to diagnostic testing for the Coronavirus (also referred to as COVID-19) that has been ordered by a health care provider.

If such a test is ordered by a health care provider for you or an enrolled eligible dependent, the following provisions will now apply:

If you are enrolled in the **Highmark Freedom Blue Plan** for participants eligible for Medicare, the cost of a diagnostic test will be covered in full. Any otherwise applicable deductible, coinsurance or copayment will be waived.

If you are enrolled in the **Highmark PPO Plan** for participants not eligible for Medicare:

- If the test is performed by a participating (“In-Network”) PPO provider, the cost of the test will be covered in full. Any otherwise applicable deductible, coinsurance or copayment will be waived.
- If the test is performed by a non-participating (“Non-Network”) provider, the Plan allowance for the test will be determined according to current Plan provisions and will continue to be subject to any applicable deductible, coinsurance or copayment amounts.

If you have any questions regarding your Plan coverage for COVID-19 testing or for any other type of service, please call Highmark at the telephone number listed on the back of your Highmark ID card.

You may also obtain additional information regarding the COVID-19 virus from the Highmark website at www.highmarkanswers.com

Sincerely,

The Committee

Goodyear Retiree Health Care Trust
